

Epol All Sports Horse Pellets are uniquely formulated to meet the demands of high-level performance horses across all disciplines. Carefully selected grains together with high fat levels ensure enough energy for intense workloads.

Performance horses in medium-hard work.

- **Optimum protein levels for muscle maintenance and repair.**
- **Multiple energy sources including starch and fat combine to create a complex energy profile for improved instant energy as well as stamina.**
- **Includes a yeast culture (*saccharomyces cerevisiae*) which has been proven to enhance animal performance and aid digestive health.**
- **Fully fortified with all the essential vitamins and minerals to support overall vitality and well being in the top performance horse.**

Roughage should be provided at 1.5% of bodyweight per day. The amount of All Sports Horse Pellets fed will be dependent on each individual but no more than 2.5 kg per meal is recommended.

Available in a 40 kg bag.

Should be stored in a cool, dry area under roof and out of direct sunlight.

This product has a shelf life of 6 months from the date of manufacture.
