

Epol's Premium Roughage Cubes utilise top quality hays in order to produce a product suitable for all horses with the additional benefit of added fat for slow release energy and to contribute towards a glossy, shiny coat. As they contain no additional vitamins and minerals, they are ideal for use alongside other fully fortified feeds.

Suitable for all types of horses and ponies needing added fibre.

- Can help to reduce dust particles which is vital for respiratory health.
- Helps to reduce wastage when compared to long stemmed hay.
- Consistent nutrient analysis compared to long stemmed hay.
- Can assist in the reduction of hindgut acidosis by maintaining a stable microbial population.

Roughage should be provided at 1.5% of bodyweight per day. The amount of Premium Roughage cube fed will be dependent on each individual.

Available in a 40 kg bag.

Should be stored in a cool, dry area under roof and out of direct sunlight.

This product has a shelf life of 12 months from the date of manufacture.
