

Epol Gold Cup Pellets combine high quality cereal grains and additional fat sources in an energy dense ration that ensures the delivery of adequate power, strength and stamina needed to meet the high demands of horse racing. This combination will also assist with maintenance of condition when workloads are high.

Suitable for all horses in training.

- **Quality protein sources, with correct levels of amino acids support muscle development and recovery.**
- **Extremely palatable ensuring horses eat well at home and away.**
- **Fully fortified for top performance and recovery.**
- **Includes a yeast culture (*saccharomyces cerevisiae*) which has been proven to enhance animal performance and aid digestive health.**

Roughage should be provided at 1.5% of bodyweight per day. The amount of Gold Cup Pellets fed will be dependent on each individual but no more than 2.5 kg per meal is recommended.

Available in a 40 kg bag.

Should be stored in a cool, dry area under roof and out of direct sunlight.

This product has a shelf life of 6 months from the date of manufacture.
