

**Epol Cool 'n Perform 12%** is designed to meet all the nutritional demands of the general sporting horse but with a lower level of non-structural carbohydrate. Cool 'n Perform is grain free making it suitable for “hot”, sensitive horses and for horses with digestive issues like gastric ulcers and colic.

Suitable for horses in light-medium work that require a diet that is low in non-structural carbohydrates.

- **The inclusion of fats and fibres ensure slow energy release.**
- **Ideal for horses needing condition.**
- **Includes a yeast culture (*saccharomyces cerevisiae*) which has been proven to enhance animal performance and aid digestive health.**
- **Super fibres used to help support a healthy digestive system.**

Roughage should be provided at 1.5% of bodyweight per day. The amount of Cool 'n Perform 12% fed will be dependent on each individual but no more than 2.5 kg per meal is recommended.

Available in a 40 kg bag.

Should be stored in a cool, dry area under roof and out of direct sunlight.

This product has a shelf life of 6 months from the date of manufacture.
